

Federations of Asian and Oceanian
Physiological Society
Congress 2011
Taipei, September 11-14, 2011

Dear FAOPS Members and Colleagues:

On behalf of the Organizing Committee, I would like to welcome you to attend the 7th FAOPS Congress, to be held in Taipei, Taiwan, on September 11-14, 2011. The scientific theme of the Congress is “Physiology: the continuum of genes to functions”. Preliminary information on the Congress is currently available in our 1st announcement, which appears on <http://conf.ncku.edu.tw/faops>

The Organizing Committee is now calling for proposals for Symposia to be included in the scientific programs of the 7th FAOPS Congress. Each Symposium will be allotted **90** minutes, inclusive of lectures and discussion. Interested organizers should send the following particulars in one single PDF file to the FAOPS Secretariat before April 30, 2010.

Name of Symposium:

Organizer: Please include name, affiliation and a one-page bio-sketch

Speakers: Please include name and affiliation of each speaker, a tentative title of his/her lecture, and whether they have given their consent.

Synopsis of Symposium: Please provide a one-page description on the importance of this Symposium in Physiology.

Please note that because of financial restraints, the Organizing Committee will only be able to waive the registration fee (US\$ 350) for the organizer and invited speakers.

Please send your proposal to the FAOPS 2011 Secretariat (mltsai@mail.ncku.edu.tw). We look forward to receiving your proposals and to seeing you in Taipei in September 2011.

With best wishes,

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Julie Chan', with a long horizontal flourish extending to the right.

Julie Y.H. Chan, PhD
Chairperson
The Organizing Committee of the 7th FAOPS Congress
